**"NM Gov. Martinez vetoes higher education funding. All of it."**

*- Washington Post headline*

### **Tell Rep. Nate Gentry to Override the Governor's Veto!**

On April 7, Governor Martinez vetoed every penny for all colleges and universities in the state. Her veto also impacts many other facilities that people might not know are funded through the higher education budget—like UNM's Cancer Center or Carrie Tingley Children's Hospital.

**The good news is that the legislature can easily fix the Governor's mess.** All they have to do is go back to Santa Fe and override the Governor's veto. But your state representative, Nate Gentry, has so far refused to do that.

Rep. Gentry should be focused on representing his constituents, many of whom will be directly affected by the Governor's reckless and dangerous action. He should not be joining the Governor in holding students and communities hostage for political games.

**Please contact your state representative, Nate Gentry, and urge him to restore funding for higher education by overriding the Governor's veto.** You can call him at: (505) 508-0782, or email him at: [nateform@gmail.com](mailto:nateform@gmail.com).

You can also email Rep. Gentry directly through our website at:
